To the Shareholders of Afghan United Bank

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Afghan United Bank ("the Bank") as at March 31, 2023 and the related condensed interim statement of comprehensive income, condensed interim statement of changes in equity and condensed interim statement of cash flows, and the notes to the condensed interim financial statements for the three months then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and fair presentation of these interim financial statements in accordance with the International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) and the Law of Banking in Afghanistan and other laws and regulations issued by Da Afghanistan Bank. Our responsibility is to express a conclusion on these interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements do not give a true and fair view of the financial position of the Bank as at March 31, 2023, and of its financial performance and its cash flows for the three months period then ended in accordance International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) and the requirements of the Law of Banking in Afghanistan and other laws and regulations issued by Da Afghanistan Bank.

The charge for the current year is due to subjective classification proposed by Da Afghanistan Bank.

This regulation deals with provisioning against the loans and advances, suspension of interest on non-performing loans, re-possessed assets, classification of off-balance sheet items, classification of investments and other assets, credit risk management, etc. The objective was to protect the banking sector from imminent risk of default and finanical impact of current economic turmoil.
